

Utah Correctional Industries Seating & Upholstery Catalog

State Contract - PA 022

WELCOME

Utah Correctional Industries

OUR MISSION

The Mission of Utah Correctional Industries (UCI) is to increase public safety by preparing offenders to return to society as employable, law-abiding citizens. We do this by providing job skills training opportunities to inmates and replicating real-world work environments inside the prisons and jails. Besides the clerks who work in many of the operations, including marketing, customer service and finance, UCI operates a number of businesses, which includes Seating & Upholstery. These businesses are located inside and outside the prison fences. Industries programs provide opportunities for inmates to learn to be accountable for their actions in a work environment that parallels the real world.

Throughout its history, UCI has been an essential element of the Department of Corrections' mission of assuring public safety by having offenders leave the correctional system able to lead lives as law-abiding citizens. By serving as a correctional management tool, UCI productively occupies inmates, thereby relieving idleness in our institutions and ensuring the orderly operation of our prisons. The opportunity to work for UCI and the desire to retain the pay and stability that UCI affords are effective motivators for improving inmate behavior.

Over 90% of the inmates we deal with daily will return to society. Our mission is to make sure that as many as possible never return to prison. You can support us in these efforts by purchasing UCI goods and services.

THE STATE USE LAW

63-56-423 Purchase of prison industry goods.

- (1) All public procurement units shall purchase goods and services produced by the Utah Correctional Industries Division as provided by this section, which is an exemption from this chapter. All political subdivisions of the state may purchase these goods and services and are encouraged to do so when feasible.*
- (2) By July 1 of each year, the director of the Utah Correctional Industries shall publish and distribute to all state agencies and interested political subdivisions a catalog of goods and services provided by the Correctional Industries Division. The catalog shall include a description and price of each item offered for sale. The catalog shall be updated and revised during the year as the director deems necessary.*
- (3) State departments, agencies, and institutions may not purchase any goods or services provided by the Correctional Industries Division from any other source unless it has been determined in writing by the director of Correctional Industries and the state procurement officer or in the case of institutions of higher education, the institutional procurement officer, that purchase from the Correctional Industries Division is not feasible due to one of the following circumstances:*
 - (a) the good or service offered by the division does not meet the reasonable requirements of the purchasing agency;*
 - (b) the good or service can not be supplied within a reasonable time by the division; or*
 - (c) the cost of the good or service, including basic price, transportation costs, and other expense of acquisition, is not competitive with the cost of procuring the item from another source. In case of disagreement, the decision may be appealed to a board consisting of the director of the Department of Corrections, the director of Administrative Services, and a neutral third party agreed upon by the other two members or, in case of institutions of higher education, the president of the involved institution shall make the final decision.*

Aaba Line

Our Aaba line combines a strong, solid hardwood veneer external and internal frame with a truly versatile transitional style, one that is certain to work well with any office décor. Chair arms are through-bolted to a heavy hardwood veneer main frame with webbed seat and back suspension. Base cap is solid hardwood steel.

Aaba Executive Chairs are available in both High Back and Mid Back styles, with convenient multi-position knee tilt lock mechanism, as well as pneumatic height adjustment to ensure maximum comfort.

Aaba Guest Chairs, in both 4 leg and cantilever styles, offer you several great options in matching guest, side or occasional seating, also with solid veneer external and internal frame.

Unity Chair

Executive high-back \$325 base

Unity Chair Ergonomic Seating System has combined advanced ergonomic features, pleasantly neutral contemporary styling, quality materials and careful construction to create the new executive level Unity Advanced Manager Chair. With adjustable and lockable seat, back and arm height, plus an optional adjustable headrest, it will fight fatigue and increase levels of comfort and productivity by providing ample support to relieve pressure on the back, legs, and even internal organs.

\$393
as shown

Mid Back \$315 base

Designed to blend well with other office seating and furnishings, the Unity Manager Chair is a great choice, with separate lockable seat, back and optional arm adjustments for ergonomic posture and overall comfort while performing repetitive tasks. The Unity Manager Chair provides a maximum of flexibility to accommodate varying physiques and physical requirements for comfort.

Task Chair and Stool

The ideal general-purpose office chair. Our Unity Office Task Chair offers durable, functional style that is perfect for virtually any environment. Featuring separate seat, back and optional arm adjustments, including tilting action for relief of leg pressure, plus convenient back adjustments to create an upright, locked position which provides welcome support for repetitive tasks at the computer.

With a single-lever seat and back angle adjustment, the Unity Task Chair and Stool provide long lasting comfort and durability in an elegantly simply design. In addition to this one-touch ease in setting individual ergonomic positions, the Unity Task Chair and Stool will also lock in a variety of positions required in an environment involving repetitive tasks. The stool option is available with adjustable footring and 19" to 27" height.

Sculpture arm options range from height/width and partial pivot to the simple fixed arm.

Sculpture seat height adjusts between 16-20 3/8" to accommodate all users.

The lumbar adjustment has a 2-3/4" range. Simply reach back with both hands and grasp the lumbar. Move up or down to the desired position.

Back tilt tension knob adjusts back tension to users satisfaction. Turn clockwise to increase tension, counter clockwise to decrease tension.

SCULPTURE™ Seating

Finally a chair that truly moves with you. Sculpture Seating is designed to provide the ultimate in back comfort. And when your back is comfortable, the rest of you is comfortable. With adjustable lumbar support and a back split into two independent parts, Sculpture provides continuous support to your lower and upper back, moving the way your back moves. This flexibility is key to superior comfort. Sculpture chairs use soft, durable memory seat foam. All of these adjustment options change the way your chair relates to your body. In addition to state-of-the-art comfort, Sculpture is visually stunning, too. Elegant curves and polished or powder coat painted aluminum separate this chair from all others.

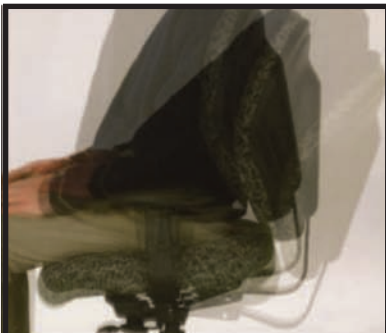

STERLING 2™ Task Chair – Mid Back

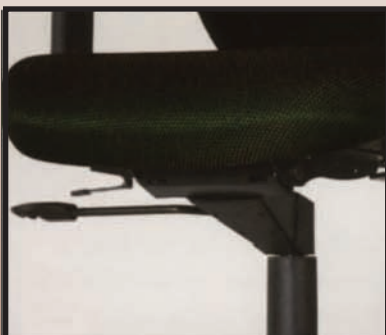

The ratchet back on the Sterling 2 Task Chair allows for quick and easy height adjustment – even when the user is seated.

Back height adjustment on the Sterling 2 Operational is easily accomplished when the user is seated. The lock-in cam allows for 2" of adjustability.

Synchronous Tilt allows the user to "lock-out" the seat and back to an infinite number of positions for maximum comfort.

The stationary fix-all mechanism prohibits the stool from reclining back and tipping over.

STERLING 2™ Seating

As workers spend more time at their workstations, comfort and adjustability become key concerns for office planners. The Sterling 2 Task Chair offers seat and back height adjustments as well as the option of fixed or adjustable arms. And, when you need to get higher up in the office the Sterling 2 Stool is the answer. The stool offers the same seat and back as the managerial chairs. Molded foam assures you many hours of comfort at any height. The arm is offered in fixed or fully adjustable.

STERLING 2™ Sled & 4 Leg Side Chairs

Sled Base with
Fixed Loop Arms \$230

Soft, nylon glides protect both the chair leg and the hard floor surfaces.

Stylish loop arms offer added comfort for the user. They are available on all Sterling 2 models.

Sled Base - Armless
\$175

4 Leg Armless
\$162

An injection-molded polypropylene back shroud offers a vibrant contrast as well as added durability.

The legs are constructed of oval tube steel for added strength and toughness.

The Sterling 2 Sled Base and 4-Leg Chairs are the perfect complement to Sterling 2 managerial seating. They are the ideal seating option for conference rooms, reception areas, cafeterias and a wide variety of meeting and presentation facilities.

Designed with the same back styles as the Sterling 2 Lowback Managerial chair, Sterling 2 Sled Base and 4-Leg Side Chairs offer durable, comfortable seats that compliment any office decor.

The backrest provides a pre-positioned lumbar back support to a user. The tubular construction of the base delivers strong support with a durable finish. The chairs are available with or without fixed task or loop arms and optional plastic or steel glides.

STERLING 2™ Executive HB Seating

The Genus 420 mechanism—designed for any position a chair is required to perform. Available on the high-back and low-back models.

The Synchroflex infinite lock mechanism allows for maximum seating positions and maximum comfort for the user.

The easily accessible tension hand knob allows users to adjust free float tension to suit their specific needs.

Designed with the contemporary office in mind, Sterling 2 High-Back can be produced with optional upholstered back shroud.

Drafting Stool with
Adjustable Loop Arms
\$322

Low Back with
Adjustable T-Arms
\$300

Executive High Back with
Adjustable Loop Arms
\$340

Comfort and contemporary design come together to create the Sterling 2 Executive High-Back chair. The chair features a poly or upholstered back, multiple seat adjustments and the ergonomic advantages you would expect in executive-level seating.

The advanced mechanical adjustments allow the user to set seat pitch, back height and depth, and arm height and width adjustments for the ultimate in support and comfort. The chair is equipped with standard knee-tilt, Genus 420 heavy-duty knee-tilt, or synchronous tilt mechanisms that allow the chair to move and fit the natural body mechanics of the user, delivering support through the user's full range of motion.

The pneumatic seat height adjustments allow for smooth transitions between positions and the seat tilt adjustment can help the user maintain comfort throughout the work day.

COLOSSAL^{24/7}

24 / 7 SEATING

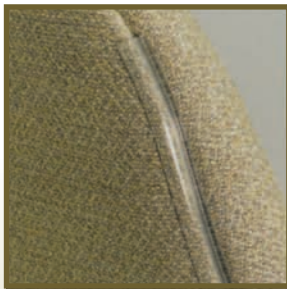

The incredible durability of the Colossal chair makes it the ultimate chair for around-the-clock use. With three chair models, two interchangeable types of heavy-duty, adjustable arms, steel reinforced seat plates and a heavy-duty gas cylinder, Colossal is as versatile as it is rugged.

Colossal is designed for 24/7 applications like call centers, emergency centers, or tech support environments. Its multiple adjustments for arms, back angle and more allow Colossal to quickly adapt from one user to the next, making it the perfect fit in a three shift office.

Colossal is available in a wide variety of fabrics, from solid colors to patterns, to match any décor. And with a timeless black frame and trim, Colossal is at home in any office setting.

Multiple options.
Multiple applications.

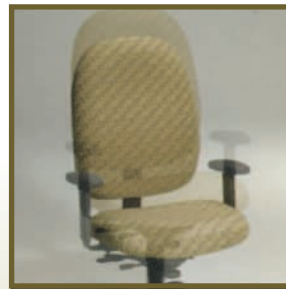

Colossal is the perfect chair for the office or control room that never shuts down.

Polo Versatile Seating

for here, there and everywhere

How best to describe a chair that makes seating what it should be—simple? A chair that works in your office, conference room, or in that small space you call a huddle room. Polo has the appealing looks and comfort features you expect from a more expensive chair?

Polo is the chair that's simply resourceful, fitting different people, different needs, and even different rooms. Polo is available as a chair—with or without a headrest, and as an adjustable stool. All affordably priced to fit your budget. And it's made by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

\$350 / Head Rest \$35

base price varies
with options

VALO®

Mesh Back

Mesh material allows for ventilation and the dissipation of body heat. Contoured back allows for natural seating position.

Lumbar Support with EZ Adjust Knob

Allows for easy adjustment of the lumbar support in depth to support the lumbar of each and every individual.

Upholstered Seat

Soft and plush, the comfortable seat lets you sit for longer hours. The waterfall front edge of the seat helps reduce stress to your legs.

Fully Adjustable Arms and Back

Infinite number of adjustable locking position: of the back angle for comfort which reduces stress on the body. Soft-padded armrests rotate, adjust in height and width, and lock easily into position.

Luxo Seating

luxo leather strong

When you first see the Luxo, you'll notice its obvious good looks—the professional styling and appealing profile. And then you sit in it. You feel how soft it is. Supple. It's not just comfortable. It is luxurious. Like leather, but much more durable and affordable.

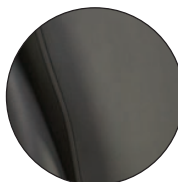

We call it LeatherSoft upholstery, a revolutionary new material that gives you the elegance and feel of leather, without the cost and maintenance. Woven together with the smooth action seat mechanism and the 3 point pivot arms the comfort experience is unparalleled. It's another innovation brought to you by Valo—where style, comfort and value are intricately woven to create furniture that works for you.

\$399

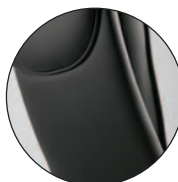

base price varies
with options

VALO®

LeatherSoft

This luxurious upholstery is softer and more durable than leather, and requires less maintenance.

Contoured Back

Provides the ultimate in lumbar and back support.

Molded Seat with Waterfall Front

The molded seat includes a knee-tilt mechanism, ensuring all-day seating comfort and allowing your feet to remain on the floor even as you recline. The waterfall front edge reduces leg pressure.

Arms of Steel

The steel arms have a 3 point pivot action for ideal arm support no matter what position the seat is in; the soft polyurethane arm pads ensure arm comfort while protecting the chair and table when not in use.

Viper Seating

comfortable

seating shaped for you

Imagine a chair designed for your maximum comfort—fitted to your body at a price that fits as well. We not only imagined it, but gave it form in our Viper Chair.

Clean. Sharp. Simple. The Viper Chair celebrates the individual, following the lines and shapes of your body. These ergonomic roots are matched by aesthetics that make the Viper Chair, in one word, exceptional.

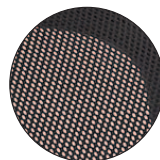

The Viper is the Valo philosophy come to life—style, comfort and value intricately woven to create seating furniture that works for you.

\$399 / Head Rest \$35

base price varies
with options

VALO®

Mesh Back

Contours and supports the back for maximum ergonomic support. Mesh material allows for ventilation and the dissipation of body heat.

Fully Adjustable Arms

Armrests with soft arm pads can be adjusted into a number of positions from width to height and they even rotate.

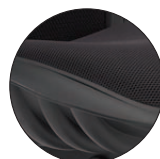

Adjustable Lumbar Support

The lumbar support allows for easy adjustment according to your comfort and is visually concealed to give the chair a clean, simple, modern look.

Adjustable Back

The backrest angle and tension can be adjusted for your comfort—and to reduce stress on the body.

Upholstered Seat

Soft and plush, the comfortable upholstered seat provides longer hours of comfortable sitting. The waterfall front edge of the seat helps reduce stress to your legs.

Aaba Lounge Seating

Aaba lounge seating - a particularly versatile system of seating for large reception/meeting areas and waiting rooms where modern and pleasant furnishing solutions match flexibility of use.

A modern interpretation of seating for lounge areas, especially well suited for office environments, Aaba's dimensions and shapes have been carefully designed to provide optimal comfort for conversation and casual time.

Available in single unit arm chair, love seat, and sofa, the structurally rigid foam and panels combine arm and leg structures to a heavy plywood main seat and back frame. Distinctive solid maple legs add flair to this contemporary seating choice.

Webbed seat and back suspension gives the continuous support you want from your lounge seating.

Lounge Chair
\$720

Contemporary styled lounge seating. The culmination of form and function, available in three sizes: Chair, Loveseat and Sofa. Strong architectural presence with subtle Art Deco influence combines comfort and great durability. Generously oversized proportions, plus an incredibly strong, integrated design for durability. The end panels combine arm and leg structures with soft, flexible foam molded over structural urethane, which is the most comfortable foam available. End panels are through-bolted to a heavy plywood main seat and back frame, the most durable frame available. Webbed seat and back suspension for the maximum of comfort and durability.

CANYON SEATING

CANYON SEATING

Elegant tapered styling is the cornerstone of this finely designed line of seating.

Simple, yet refined, wood arms accentuate the graceful appearance of this grouping creating a sophisticated setting in any office environment.

The Canyon series includes 1, 2, 3, and 4 seat models, with or without intervening arms.

Coordinating **benches and tables** provide final touches for a comfortable lounge setting.

Canyon seating available in 20-22" width.

THANK YOU . . .

for taking the time to get to know us better. If you haven't already toured our facilities, we invite you to do so. Call 801-576-7700 to set up a time.

UCI is in the business of producing goods and services and rehabilitating offenders. At UCI, we offer inmates the tools and training necessary to build their futures and stay out of prison. Most of these inmates are dependable, hard-working human beings. They are not only eager to learn job skills, but also desirous of the opportunities we provide for personal growth. Many inmates want to 'make it' on the outside. Many of them want to provide for their families in a respectable manner. Many of them want to change, but they need help and support to do so.

UCI also needs help and support. We do not need your tax dollars, as we are a self-supporting Division of government; but we do need the opportunities to continue to earn our own dollars. Those opportunities can only come from the active support of all governmental agencies who are eligible to purchase our products and services - through people like you, people who take time to get to know us better.

WE APPRECIATE . . .

your support through the purchase of our goods and services.
